ABOUT THE CAREGIVER SHOW

Today almost 8 million Canadians are family caregivers. They provide approximately 80% of the care needs for people with acute or chronic health issues.

There are many significant issues related to caregiving and navigating the system is extremely difficult.

The Caregiver Show is an incredible one-day event of education and networking opportunities to provide family caregivers the resources they need and more.

Join us for our panel presentation at 1:00 p.m. Session Room B
